

**UNIVERSITY OF LEEDS**

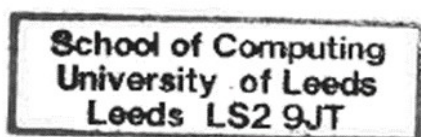

This feedback consideration coursework cover sheet has been issued by the student's Parent school and should be attached by the student to all pieces of coursework and any other assessments, prior to submission.

**FEEDBACK CONSIDERATION:** the impact of this student's disability on written English should be taken into consideration when issuing feedback.

### **Information for markers**

When providing assessment feedback, markers should recognise that there may be a disability-related impact on written English and therefore deliver feedback sensitively and constructively. You can find out more about this in the [Policy on the Assessment of Written English](#), which includes a link to guidance on giving feedback on the work of disabled students. For further guidance please also see the [Inclusive Feedback for Disabled Students](#).
